**Sport Premium Funding**

Academic Year 2017-18

## Introduction

Most schools with primary-age pupils receive the PE and sport premium funding. Schools receive the funding based on the number of pupils they have in years 1 to 6. Schools with 16 or fewer eligible pupils receive £1000 per pupil. Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

## Purpose of the Sport Premium Funding

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.

This means that schools should use the premium to:

- develop or add to the PE and sport activities that the school already offers
- make improvements now that will benefit pupils joining the school in future years

For example, funding can be used to:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and [Change4Life](#) clubs
- run sport competitions
- increase pupils' participation in the [School Games](#)
- run sports activities with other schools

'We have been able to provide our pupils with greater accessibility to extra-curricular football through having the correct and safe equipment. It has also enabled us to provide competition for our pupils as we can use our home venue, but also we can continue to provide interschool competition for football where pupils compete against one another in their colleges.'
